 ENTRIES WILL NOT BE ACCEPTED AFTER 9:00 P.M. ON TUESDAY!**

**RULES**

1. Entries limited to one entry per class for each person.
2. In selecting vegetables for exhibition, choose such specimens that would bring the highest market price. Do not select the largest; select medium size specimens. If at all possible, do not mix varieties.
3. The following factors are generally used by an expert vegetable judge.
  - a. Trueness to variety type. If at all possible, pick the specimens from one variety.
  - b. Uniformity in shape, size and color.
  - c. Be sure to pick out a perfect specimen, then select the others as similar to it as possible. Never mix specimens of different maturity.
  - d. Protect from dirt, disease, infection, and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
  - e. Condition and maturity. Be sure that exhibits are of high quality.
4. Read premium material, carefully following all rules and regulations. **If an entry calls for 5 specimens, be sure to exhibit that number; do not enter 4 or 6. In any instance, your exhibits will be disqualified if the correct number of specimens are not entered.**
5. Vegetables shown must be grown by exhibitor.
6. **Please have the form on page 101 filled out before entering your exhibits.  
 \*Entries will be entered and exhibited at the crop tent.**
7. Two “Best of Show” Rosettes will be awarded in the Vegetable Department.
